

CPR Checklist Rubric

You can use the sheets below to keep track of your CPR score for the week yourself or simply keep an eye on the "private feedback" to your posts during the week where you can see how your posts have been [tagged](#).

For full CPR points for the week you need to post 4 posts over 3 days including both DQ and non-DQ threads. Try to earn "S, R, R, R" tags on your 4 posts.

DQs are worth 4 points each toward CPRs with limited partial credit granted.

- 4 points earned for responses that answer the discussion question, are properly posted by the deadline, and meet all [criteria for substantive posts](#).
- 3 points earned for substantive responses that are posted on time but contain an error (e.g. inaccurate statement, notation error, incorrect terminology, etc.) or notable omission.
- 1 or 2 points earned for substantive responses that are posted on time but contain a major error, multiple errors, or substantial omissions.
- 0 or 1 points earned for responses that are posted on time but do not meet the minimum word count requirement (per last bullet in [criteria for substantive posts](#)).

For more details see [Syllabus - CPRs](#) and/or [Syllabus - DQs](#).
